

STUDY MARKETPLACE

Your One Stop for Study Pipeline Growth

Elligo Health Research's IntElligo® Study Marketplace allows you to quickly and easily find and win studies that align with your interests, site capabilities, and patient population.

Not only is the Study Marketplace continuously updated with a list of curated trials, but it also eliminates the need to search through countless emails for study opportunities, notifies you of any actions needed for study applications, and tracks your progress through site selection – all in one user-friendly portal.

Review and Apply for New Study Opportunities

- Review curated recommendations aligned with your profile or explore a broader list of studies
- Read short synopses of the most essential details
- Express your interest in a few simple clicks
- Easily complete applications within the Study Marketplace

ASSESS WHETHER A STUDY IS THE RIGHT FIT IN UNDER TWO MINUTES

Track Progress Throughout the Sales Cycle

Use your "My Studies" page to:

- Check feasibility and site selection status
- Complete and manage tasks

ENSURE YOUR APPLICATION MOVES FORWARD EFFICIENTLY

Up-to-Date Study Documents

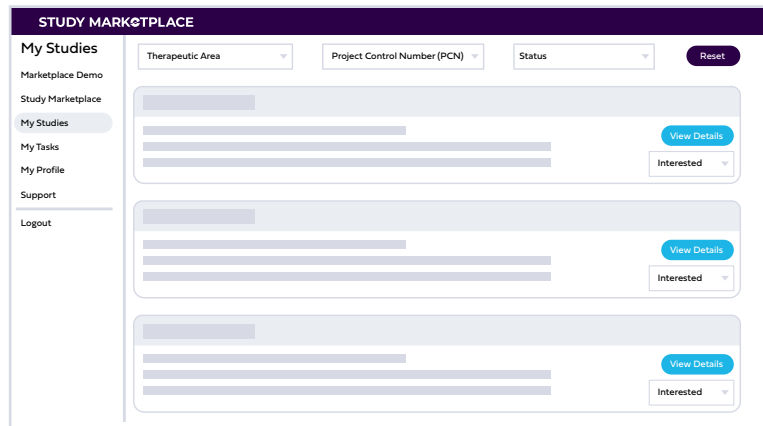

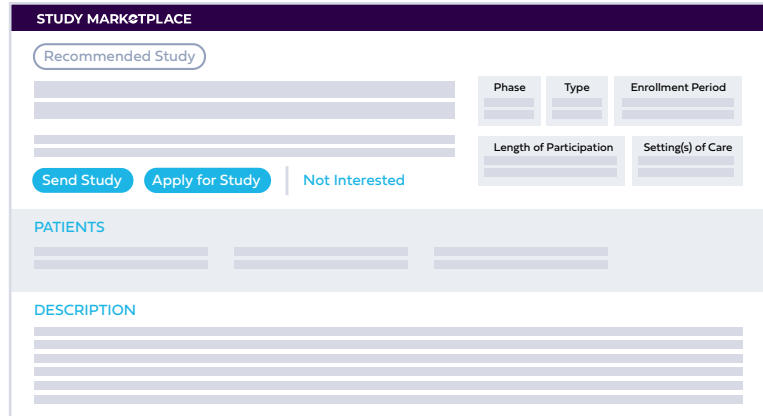

- Browse detailed study documents, such as current protocol synopses
- Prepare for feasibility questionnaires and pre-study visits all in one place

NO MORE SEARCHING YOUR INBOX FOR ADDITIONAL DETAILS

Easy Access

- With an unlimited number of users per site, the Study Marketplace facilitates collaboration among team members

STAY ORGANIZED AND QUICKLY COLLABORATE

When you want to accelerate and simplify your participation in clinical trials, there's only the IntElligo® Study Marketplace.

GROW YOUR STUDY PIPELINE TODAY

About Elligo Health Research®

Elligo Health Research accelerates clinical trials through EHR data, our proprietary IntElligo® technology, and direct access to known, diverse patients from more than 115 hospitals and major health systems, 200 healthcare-based sites, and 100 research-based sites. Our PatientSelect® model engages our network of networks to optimize the intersection of healthcare and research and bring more patients clinical research as a care option. Our SiteSelect model and Research Partner Services enable sites to seamlessly participate in trials, further advancing the development of new pharmaceutical, biotechnology, and medical device and diagnostic products.
